

DR ANDY CORNES

Dr Andy Cornes

Dr Andy Cornes is a renowned expert in deafness and mental health. Join us as he discusses:

- Interpreting in mental health and child protection
- The dangers of vicarious traumatisation
- 'Leading' patients in clinical assessments and how to avoid it.
- What is 'neutral face' and when should interpreters use it?
- Interpreting parenting assessments
- Codas and parentification

Friday 31 January 2020
