

MEMORY SKILLS

CONSECUTIVE INTERPRETING PRACTICE

[Memory image: a woman's face in profile, the anatomical features of her skull and brain are outlined in white, small white birds are flying out of her brain]

Consecutive Interpreting?! But I can't remember everything the client said!

PD in 2 parts – Memory Skills and Consecutive Interpreting Practice

Join us for a presentation about memory skills, then practice putting those skills to use in some consecutive interpreting tasks.
