

Hearing Health Inquiry - Tell your story

Dear Member,

Click here for [Auslan version](#) of this announcement

ASLIA has been supporting the Hearing Health campaign undertaken by Deafness Forum. To date, ASLIA has provided a written submission and has appeared before the parliamentary inquiry into Hearing Health.

To extend the current campaign Deafness Forum would like to present a booklet that profiles the experiences of people within our sector. This booklet will be presented to the parliamentary inquiry and to state and federal health ministers, the Prime Minister and the Opposition Leader.

[Click here to see a sample story.](#)

ASLIA has suggested that the experiences of Deaf people and interpreters be included in this additional submission by Deafness Forum.

ASLIA is asking you to provide your views that may also include examples of situations/stories of current issues facing our sector. These views can be submitted in writing (word or PDF) or in video format using Auslan (by uploading to YouTube and providing the link).

If your submission is provided via ASLIA - the ASLIA logo will accompany your submission which will be passed on to Deafness Forum for collation and delivery to the inquiry.

Your submission needs to be received by ASLIA prior to May 31st by emailing info@aslia.com.au

We encourage your involvement to ensure the issues facing our sector are highlighted to government bodies.

Regards,

ASLIA
