

CO-INTERPRETING + FEEDING

*w/ Nigel
Howard
from
Canada*

Nigel Howard will present on how Interpreters (Auslan<>English and Deaf) provide effective co-interpretation techniques and how to achieve message delivery from Source Language to Target Language and vice-versa. It includes processing management to execute message. It will be a hands on workshop to develop comprehension and confidence in skills, and will include feeding strategies for those Deaf Interpreters working in platform settings. This provides an opportunity for Auslan<>English Interpreters to develop new skills in feeding.
